

Troyer Products

Product Guide - 2007 Edition

Troyer Products has served the recreational vehicle industry for over 30 years. By simply meeting the needs and requests of our customers, Troyer has grown from a small garage-based headboard maker into a full service RV supplier offering 12 different product lines.

The lines shown on our catalog cover are listed in the order in which they were added to the company's line-up. As the RV industry matures to model the quality of the automotive industry, Troyer Products can help you meet a wide range of needs while reducing your vendor count.

Based on service, quality and competitive pricing, we continue to be focused on helping our customers quickly meet their sourcing needs.

Because we offer so many specialized and custom manufactured items, this catalog is meant to show you our capabilities rather than list our tens of thousands of detailed parts and products. Please call us or speak to our helpful sales representatives when they call.

TABLE OF CONTENTS

Buttons, Button Parts, Machines & Dies	3-5
Thread, Webbing and Elastic, Welt Cord.....	6-7

Extrusions	22-25
Mud Flaps.....	26-27

Buttons

Covered Buttons are our first specialty. For small to large quantities, difficult fabrics, a variety of sizes and backs, we have your solution.

Button Parts

Whether it takes snaps, prongs, wire eyes, pivot backs, threaded nails, or hook backs, call on us to meet your button needs.

Button Machines & Dies

For small quantities or do-it-yourselfers, Troyer Products can supply button machines, cutters, button dies and grommet dies.

Finished Buttons

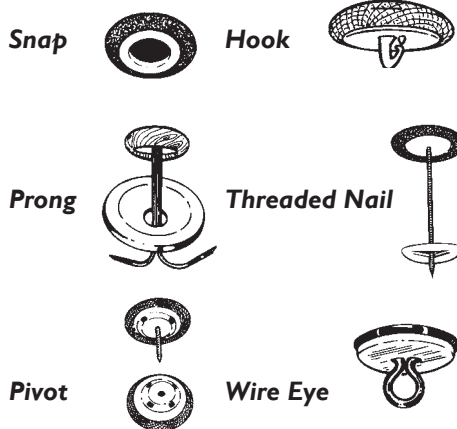

Specialty Buttons

We offer a wide variety of custom services to provide you with creative and versatile solutions to your button needs.

Custom Button Covering

We custom cover buttons using your fabric. We offer pick-up in our local delivery area.

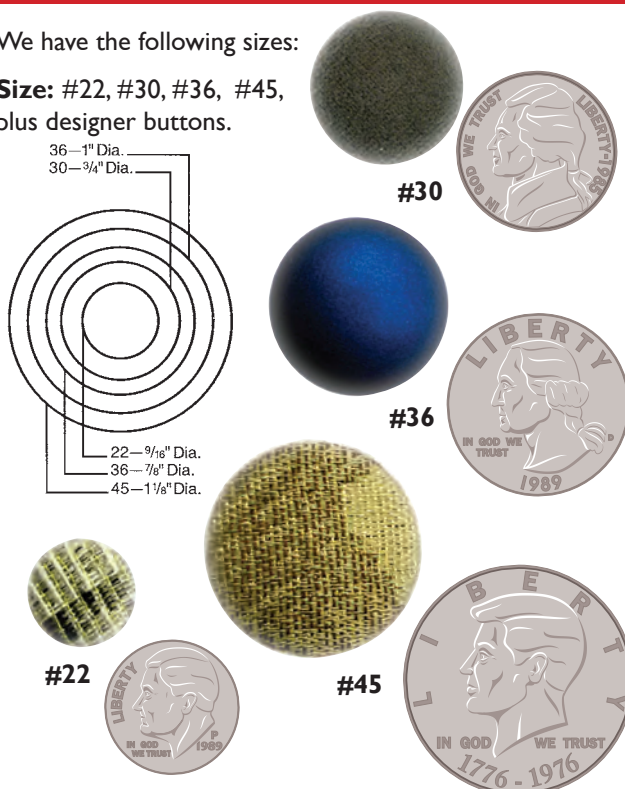

We have the following styles:

We have the following sizes:

Size: #22, #30, #36, #45, plus designer buttons.

36—1" Dia.
30—3/4" Dia.
22—9/16" Dia.
36—7/8" Dia.
45—1 1/8" Dia.

Designer Buttons

Call us about uniquely shaped buttons to give distinctive and dramatic looks.

Specialty coverings such as Velcro brand hooks and loops are also available.

Button Parts

Snap Button

The nylon back is especially designed to snap onto a durable screw stud or durable deep stud.

Prong Button Tufting

Prong Button Tufting is fast, economical and strong. Prong buttons are anchored by bending the flat wire legs over a prong washer in back of the padding.

Super Clips

A pre-tied loop with a clip attached. **Length Size:** 1" to 5-1/4" in 1/4" increments

Nylon Hook

Nylon hook is used with a pre-tied loop or clip with a pre-tied loop for fast secure tufting, assuring uniformity of depth. Loop anchors quickly into double backing hook.

Shells

Shells are provided in different tempers. Standard shell tempers are "regular" and "soft." Shells that are fed through a hopper are "Auto Flow." Shells that are used for extra protection from rust are "Dark Chromate."

Button Backs

Wire eye #9 is a standard heavy eye and is used with twine for a tufting affect.

Threaded Nail

When anchored with a spring lock washer, this is an alternative method to prong tufting. Nail is inserted through the upholstered construction and fastened on the back with a #15 lock washer.

Pre-Tied Loops

Length Size: 1" to 8" in 1/4" increments

Washers

Prong Washers

Plastic washer anchors pre-tied loop on blind side.

Types: #8 Polywasher 1-3/8" diameter, #9 Polywasher 1-3/8" diameter (2 slits), #11 Polywasher 1-3/8" diameter (2 slits and center hole), #5 Fiber Washer 1-3/8" diameter (hole in center), #1 Metal Washer 15/16" diameter (hole in center).

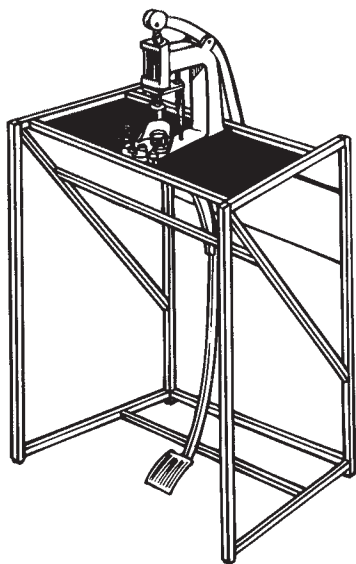

#15 Spring Washer
1-3/8" diameter

Washer

Plastic washer anchors pre-tied loop on blind side.

Button Machines and Dies

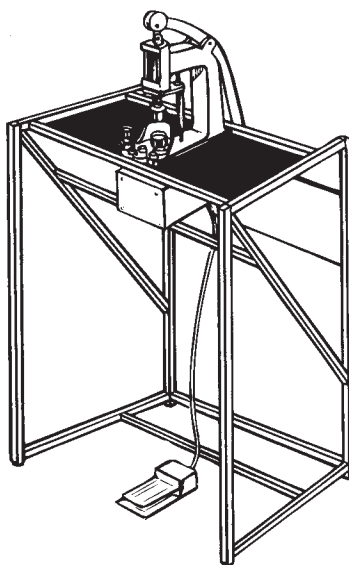

No. 5A Covering Machine

Production: approximately 450 per hour. Foot power toggle pendulum frees hands for greater efficiency and speed. Used with Handy 3-piece swivel dies. Extra wide work table stores material for ease of operation.

Height: 47", floor space: 20" x 23"

Weight: 113 lbs.

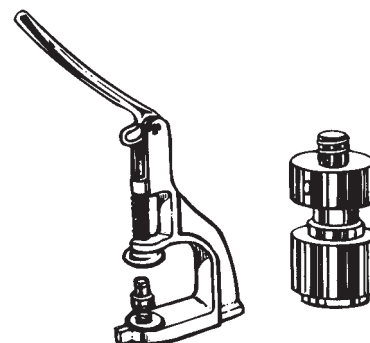

No. 5PA (Pneumatic) Covering Machine

Production: approximately 550 per hour. Air operation eliminates operator fatigue and provides uniform power and pressure to insure consistently tight buttons. Safety shield covers die crimping area. Extra wide work table.

Height: 47", floor space: 20" x 23"

Weight: 122 lbs.

Air Pressure: 80 PS

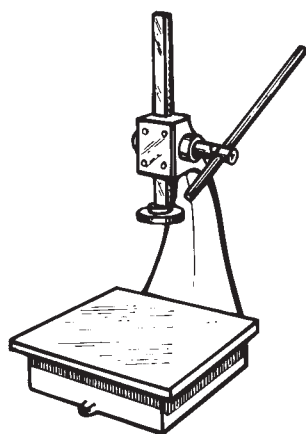

Junior No. 1 Machine

Production: approximately 90 per hour. Versatile, manually operated covering and cutting machine. Used with Handy 2-piece dies and short cutter. Includes wood block for cutting covers.

Height: 22"

Weight: 13 lbs.

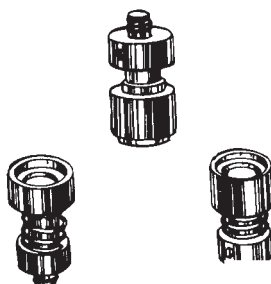

No. 11 Machine

Companion cutting machine for No. 2, 5A and 5PA button covering machines. Rack and pinion design for smooth, easy operation. Used with standard long cutters. Complete with fiber cutting block.

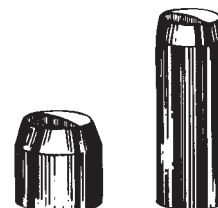

Height: 20"

Weight: 60 lbs.

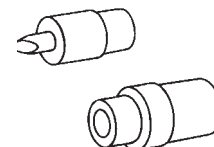

Button Dies

Your button covering machine will determine the type of dies. No. 1 Jr. Machine uses a 2-piece die, 5PA uses a 3-piece die and a rotary table machine requires a 6-piece die set. All dies are available in Light, Medium and Heavy, depending on the thickness of the fabric being covered. (Example: a thin fabric requires a light die. A little thicker material requires a medium die. A thick fabric requires a heavy die.)

Cutting Dies

Cutting dies are available in short and long sizes. Short dies are used with a Junior No. 1 machine with a wood block. For greater production, a long die is used with a No. 11 cutting machine and a cutting board.

Grommet Dies

A wide range of grommet dies and cutters are available upon request.

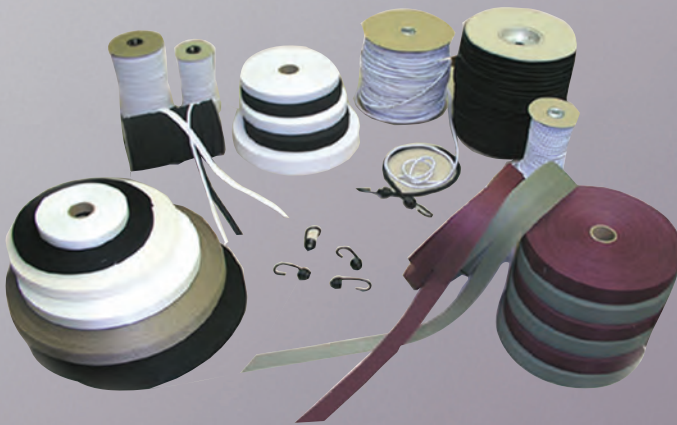

Thread

- Monocord
- Twisted Bonded
- Antiwick
- Monofilament
- Wide variety of thread and bobbin sizes available

Webbing & Elastic

- Polypropylene Webbing
- Carpet Binding
- Binding Tapes

- Tire Cover Welt
- Tent Strip
- Paper Covered Wire

Thread

- Whether twisted bonded, monocord, monofilament, or anti-wick, we can fill your thread and bobbin needs.

Wonderthread® Monofilament

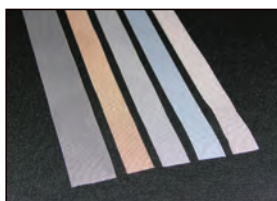

Assumes the color of the fabric you are sewing and disappears.
Bobbins are also available.

Nylon Colored Thread

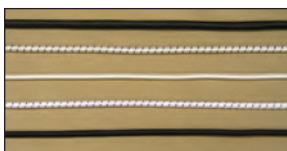

A wide variety of sizes and colors suitable for upholstery applications.

Webbing & Elastic

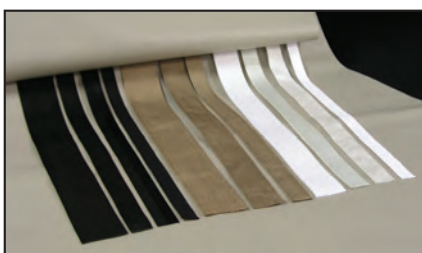

■ **Carpet Binding**

Available in a multitude of colors in 1-1/4" width. Non-stock item. Minimum of four (4) gross yards per color.

■ **Shock Cord & Accessories**

From 1/8" & up – the possibilities are endless.

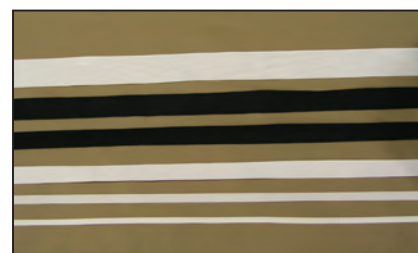

■ **Polypropylene Webbing**

Can be used for reinforcing stress points, pull straps, custom straps.

■ **Binding Tapes**

Use for hemming reinforcement, reinforcing stress points.

■ **Elastic**

Colors: White, Black, Miscellaneous.
Styles: Regular, Soft, Heavy.

■ **Listing**

Use for pull tape with your hog-ringing process.

Welt Cord

■ **XF Braided Welt Cord**

Tissue filled product with a synthetic overbraid.

■ **Paper Covered Wire**

■ **Reinforced and Non-Reinforced Foam Welt Cord**

Reinforced foam welt cord is foam polyethylene cord with synthetic core-reinforcement yarn centered inside the cord. Non-reinforced welt is foam polyethylene cord.

Velcro®

Brand Hook and Loop

platinum
Status
Distributor

Velcro® Brand Hook and Loop

Woven Nylon Hook & Loop Tapes

Hook 65, Hook 88, Loop 1000, Knitted Loop Tape-3001. Comes on separate rolls with pressure sensitive backing.

Colors: White and Black. Other colors are available when you order in quantity.

Installation: Sewing, staples, screws. Also available in pressure sensitive adhesive and solvent activated adhesive backings.

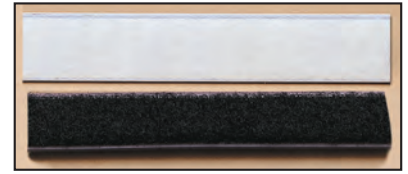

Velcoin®

When an application calls for round Velcro® tape discs, we call these Velcoin® fasteners.

Colors: White and Black. Other colors available when you order in quantity.

Installation: Pressure sensitive adhesive backing.

Velstick® Brand Semi-Rigid

Semi-rigid, impact resistant, vinyl extrusion to which Velcro® hook and loop tape has been permanently attached. The Velstick® can be mated to tape for the attachment of flexible material to a rigid surface.

Color: Black

Installation: Staple, screw, nail, rivet and glue. Slide into metal extrusion.

Back-to-Back Tape

A self-wrapping, re-usable tape. A Velcro® hook surface facing one way and a Velcro® loop surface facing the opposite direction.

Color: Black

Velstud®

Molded nylon square with a lower protruding insertion shank

Color: Black

Installation: Shank insertion into pre-punched hole.

ONE-WRAP® SELF-GRIPPING FASTENERS

Reusable and flexible, patented ONE-WRAP® Brand Self-Gripping Fasteners are a unique back-to-back fastening system. ONE-WRAP® brand straps wrap around objects to be bundled or controlled, and then the remaining strap tip attaches back onto itself for a neat and secure closure without buckles or hardware. Operating temperature range: 0 to 220 degrees F.

Molded Hook Tape MVA #8

An aggressive hook used in the automotive industry as a fastening component.

Can be used with loop tape.

Color: Black

Installation: Staple, sew, pressure sensitive adhesive, solvent activated backings.

Velstick® Brand Velwasher

A die cut, rigid vinyl disc faced with a permanently attached hook or loop and featuring a center hole for attachment purposes. Can be used with hook or loop tape.

Colors: Black and Natural.

Installation: Screw, nail rivet, glue.

Die-cut Straps

Width: 3/4" wide by 5", 6", 8" or 12";

1" wide by 8" or 12"

Quantity: 50 pcs./bag
Black & white available in 25 yard rolls.

Color: Black, white, red

Zippers

Whatever your zipper requirements, whether interior or exterior, Troyer Products can meet your needs.

Specialty Fasteners

We offer a specialized array of fasteners for the RV and Marine industries.

Zippers

Zippers by Dunlap

Aluminum and nylon zipper chain and slides. #4.5 and #5.

Availability: Custom cut to length and chain.

Color: White, Black and Beige

Coil Zippers

#4.5

#5.0

Molded Zipper

#10

Zipper Pulls

Aluminum Sliders come with different pulls: Luggage, Bell, Locking, Non-locking, Double Pull. **Color:** Black, White, and Beige.

Pinlock

Autolock

Long Nonlock Luggage Pull

Nonlock Bell Pull

Fasteners

Christmas Trees

Reusable fasteners that hold anywhere along their ribbed shanks.

Durable Snap System

This heavy-duty snap system is made up of four parts: Cap, Self-piercing Eyelet, Socket and Stud.

The cap and socket can be used with a Low Base Stud. They are available in Nickel/Brass, Nickel Steel or Stainless Steel finishes.

Screw Studs

Available in Self Tap, Wood Screws, or Stainless Steel.

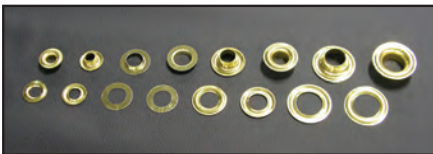

Nylon Screw Studs

Nylon low base stud with wood screw.

Grommets and Washers

Brass and nickel finish. Grommet dies are also available.

Size	Hole Diameter	Flange Diameter
0	1/4"	9/16"
1	9/32"	11/16"
2	3/8"	13/16"
3	7/16"	1"
4	1/2"	1 1/16"
5	5/8"	1 3/16"
25	1/2"	7/8"

Baby Durable Snap System

This smaller, intermediate-duty snap system is made up of four parts: Cap, Self-piercing Eyelet, Socket and Stud.

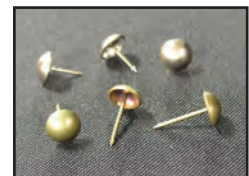

Common Sense Fastener

Heavy duty, positive locking turn button.

Decorative Nails

Nail strips and single heads suitable for upholstery and decorative applications.

Tools and Tack Strip

- Tack Strips

Tools and Tack Strip

Sprayway® Products

A variety of sprays are offered for easier cleanup or to assist in the sewing room.

■ S55 Foam & Fabric Adhesive

Foam and Fabric Adhesive effectively bonds fabric to foam, metal or wood surfaces, and to itself. It also bonds urethanes and latex-type foams to themselves in butt-splicing, knife edging, laminating, boxing, and edge turning operations as well as to metal, rigid plastic, and wood surfaces.

NOTE: This product is not recommended for bonding vinyl.

■ S77 Silicone

Our Industrial Silicone Lubricant is an economical combination silicone lubricant and release agent spray that prevents sticking, stops rust, speeds productions, and helps the shop's equipment last longer and work harder.

■ C-60 Solvent

Industrial C-60 Solvent Cleaner & Degreaser removes unwanted ink spots, dirt, grease, oil, fresh paint, and other troublesome stains fast. It is also effective on tar, adhesive marks, crayon marks, and lipstick. Spray 63 leaves no residue.

NOTE: This spray is not for use on plastics.

■ S31 Crazy Clean

Crazy Clean All Purpose Cleaner cleans "like crazy" and may be the only general cleaning spray needed for most cleaning situations. Spray on and wipe off to produce clean, sparkling surfaces.

NOTE: When using on vinyls, plastic seat covers or plastic tiles, rinse with a clean damp cloth.

■ S945 Silicone

Stops the squeaking, sticking, and binding that often occurs with most machinery. It retards corrosion and makes cleaning easier and quicker. #945 dries rapidly with no greasy or oily film.

■ S50 Glass Cleaner

With the World's Best Glass Cleaner, it's easy to clean glass, desktops, mirrors, enamel surfaces, and even chromes, tile, and porcelain. Dirt, greasy grit, and grime are quickly dissolved. No. 50 is guaranteed to leave no film. Just spray and wipe clean with a dry, clean cloth.

■ S830 Spot Lifter

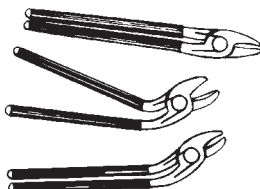

Our famous Spot Lifter is a quick and easy-to-use spot remover that is used worldwide and guaranteed to leave neither stains nor rings. #830 removes tar, fresh paint, grease and oil stains from furniture and car upholstery, carpeting, wallpaper, slipcovers, clothing, hats and neckties.

Small Tools

Hog Ring Pliers

Straight, bent to 135°, curved to reach difficult spots.

Hog Rings

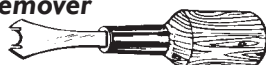

Used to secure material to springs on the bottom of seats.

Size: 3/4"

Quantity: 25#

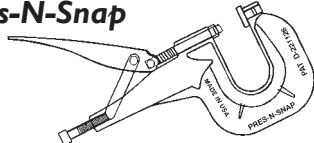

Staple Remover

Claw Tool

Pres-N-Snap

Tack Strip

We stock a high quality fiber board or metal tack strip with or without tacks.

Type: Economy tack strip, deluxe tack strip, tack strip with tack.

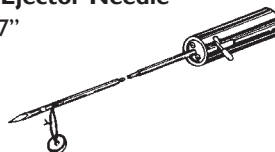

Needles

Pull Through Needle with T-Bar

Size: 7", 10"

Type: 3 square Point

Size: 12", 16"

Scissors

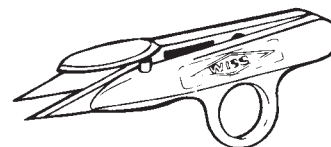

Type: Wiss

Size: 8", 10", 12"

Wiss Thread Clip

Threads, strings, ripping seams.

Quick Clip

Cutting thread, seam ripping, replacement blades

Industrial Cutting Board

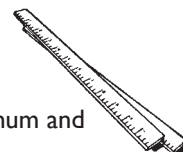

Polypropylene cutting surface designed to preserve the sharp edge of cutting tools, e.g. stamping dies, drill bits, and blades.

Size: 8" x 10" x 1/2"

Rulers

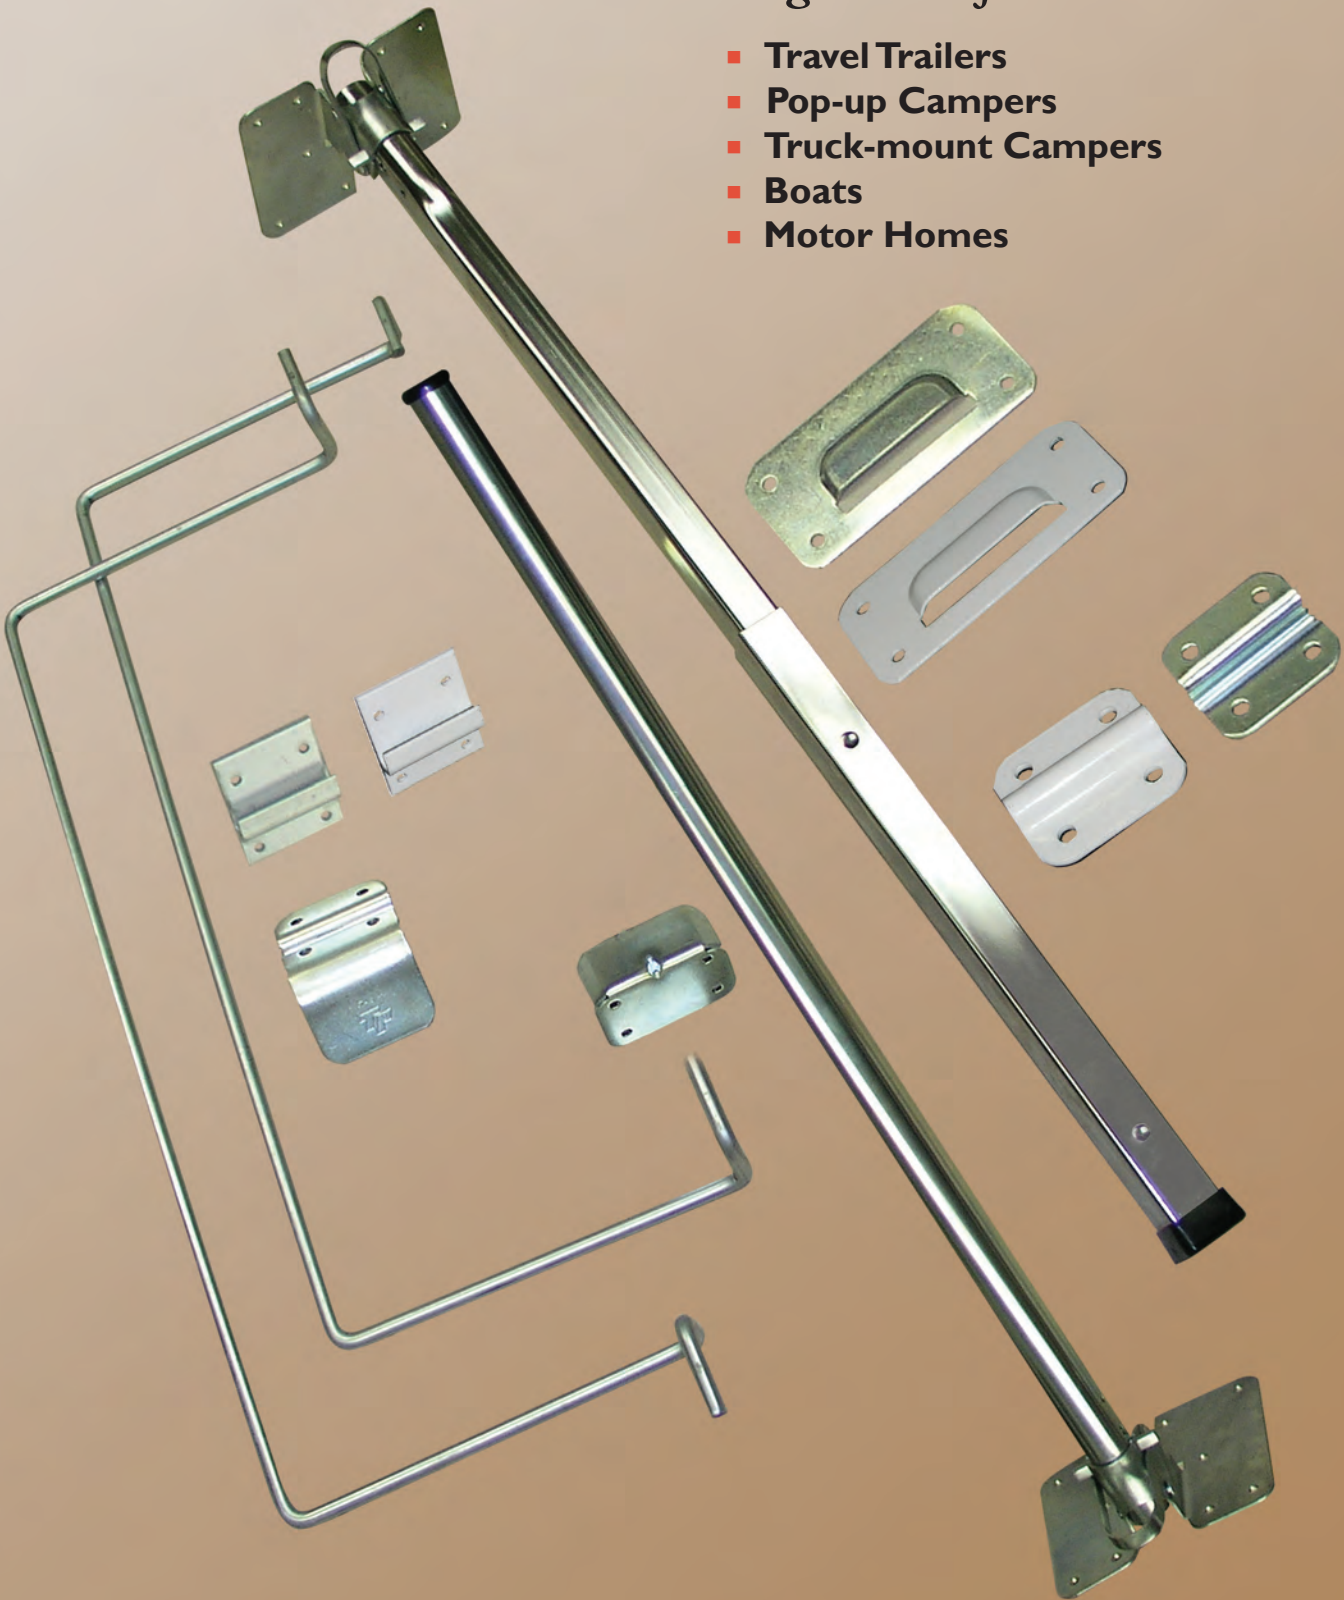

Adhesive-backed, Aluminum and Wooden

Size: 60", 72" Quantity: Each

Engineered for use on

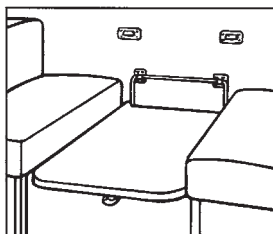

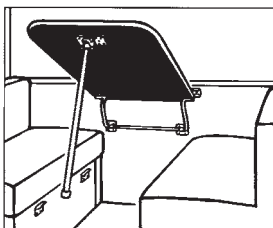

- Travel Trailers
- Pop-up Campers
- Truck-mount Campers
- Boats
- Motor Homes

Lif-Table Hardware

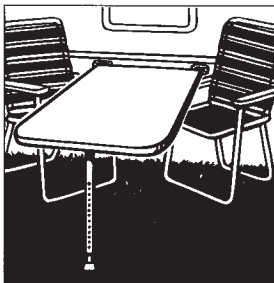

Ideal for Dining, Sleeping, Games or Table-Talk

- Manufactured to make camping and boating easier and more enjoyable for the entire family.
- Constructed of heavy gauge material for lasting service.
- Increases leg room and functionality.

Used for Outdoor Activities

Easily mounts to outside of RV unit. In addition, the leg is adjustable and used for leveling purposes when on uneven terrain.

Lif-Table Parts

All of our Lif-Table kits are custom made to meet your needs.

Multi-Purpose Table

- 1-1/2" Durable molded ABS top
- Lightweight - weighs 14.5 lbs.
- Convenient push-button folding mechanism
- 24" x 48" x 28-1/2"
- Other sizes available

NOW AVAILABLE!

Molded Folding Tables

Personal Table

- 30" x 20" High-Impact Polypropylene top
- Adjustable height 21" to 28"
- Powder-coated steel folding frame

Sport Table w/ Benches

- 42" x 26" High-Impact molded plastic top
- Non-corrosive galvanized steel folding frame
- Independent folding benches that can attach inside the table for easy storage and transport

Custom Straps

Custom manufactured straps made to your specifications.

Strap Accessories

- BSR's
- D-Rings
- Tri-Slides
- Snap Hooks
- Swivel Hooks
- Alligator Clips
- Footman Loops

Cargo Nets

Distinctive storage solutions built to last.

Straps

Custom Straps

Custom manufactured to your specifications using the following materials such as: Velcro, poly webbing, vinyl tapes, snaps, fasteners, grommets, washers, D-Ring and BSR buckles.

Some examples:

TV Strap

One inch webbing with BSR buckle and 2 footman loops for permanent installation. Used to tie-down articles while RV is in motion.

Chair Strap

One inch webbing with an adjustable buckle and 2 metal snap hooks. Strap above shows an alligator clip, but is commonly sewn with a BSR buckle.

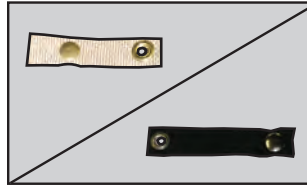

Y-Strap

Commonly used to tie down furniture in RV's. Strap shown has a sewn joint and a snap hook and D-ring with tab on base. Both arms have BSR buckles and footman loops.

Web Door Strap

These small straps are used to hold pocket doors in place. They use 1" webbing and have a grommet and snap. Can be made with snaps at both ends.

Clear Plastic Door Strap

Similar to web door straps, these straps are clear to complement any decor.

Strap Accessories

D-Rings

Plastic D-Ring

An economical, light-to-medium duty, temporary strap attachment

Metal D-Ring

Medium-to-heavy duty, zinc-plated, welded

D-Ring with Tab

All metal construction, typically used with snap hook and strap. Small and inconspicuous for interior use.

Chafe Tab

Metal rectangular ring with acetel tab for interior use. Used for permanent attachment of straps.

Footman Loops

Metal construction, zinc-plated; designed for permanent attachment of straps.

Strap Management Hardware

Rectangle Loop

Commonly used with 2-sided hook and loop applications to allow a strap to snap back on itself.

Tri-Slide

Used to manage excess strap behind adjustable hooks and buckles. Made of durable acetel and available in black and white.

Step Lock

Used to manage excess strap like a tri-slide but with a thumb tab for ease of use and a more finished look.

BSRs or "Buckle Side Release"

Ideally suited for temporary retention straps, made of durable acetel for long trouble-free use. Adjustable. Available in black and white.

Hooks

HD Swivel Snap Hook

Heavy Duty 2" swivel snap hook ideal for cargo containment applications.

Metal Snap Clip

A light to medium duty metal snap hook.

Alligator Clip

All metal construction, rugged, easy to use, thumb-print adjustment of feed strap; tie-back strap can be adjustable or permanently attached.

Compression Snap Hook

Strong medium duty hook for use with shock cords. Easy installation and adjustment with removable compression collar.

J-Hook

Light duty temporary hook for use with shock cord. Metal with plasticized coating.

Cargo Nets

With a broad array of accessories and capabilities, we can custom design and build innovative cargo nets to add distinction and function to your units.

Durable Construction

To ensure durable life we:

- encase all mesh sides with nylon polywebbing
- use a tighter, more rigid webbing to keep contents in their place
- use grommets on bottom edges
- heat treat all webbing cords and grommet holes

Let us help you design custom nets to enhance your products. Some examples are shown below.

Map/Document Pocket

- 18" x 12"
- 4 snaps
- Shock cord pouch top

Overhead Bin Net

- 70" x 13"
- 2 hooks and 8 grommets

Large Shop Net

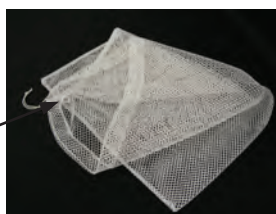

- 24" x 52"
- 2 large and 4 small compartments
- 10 wall snaps
- Shock cord pouch top

Small Cargo Net

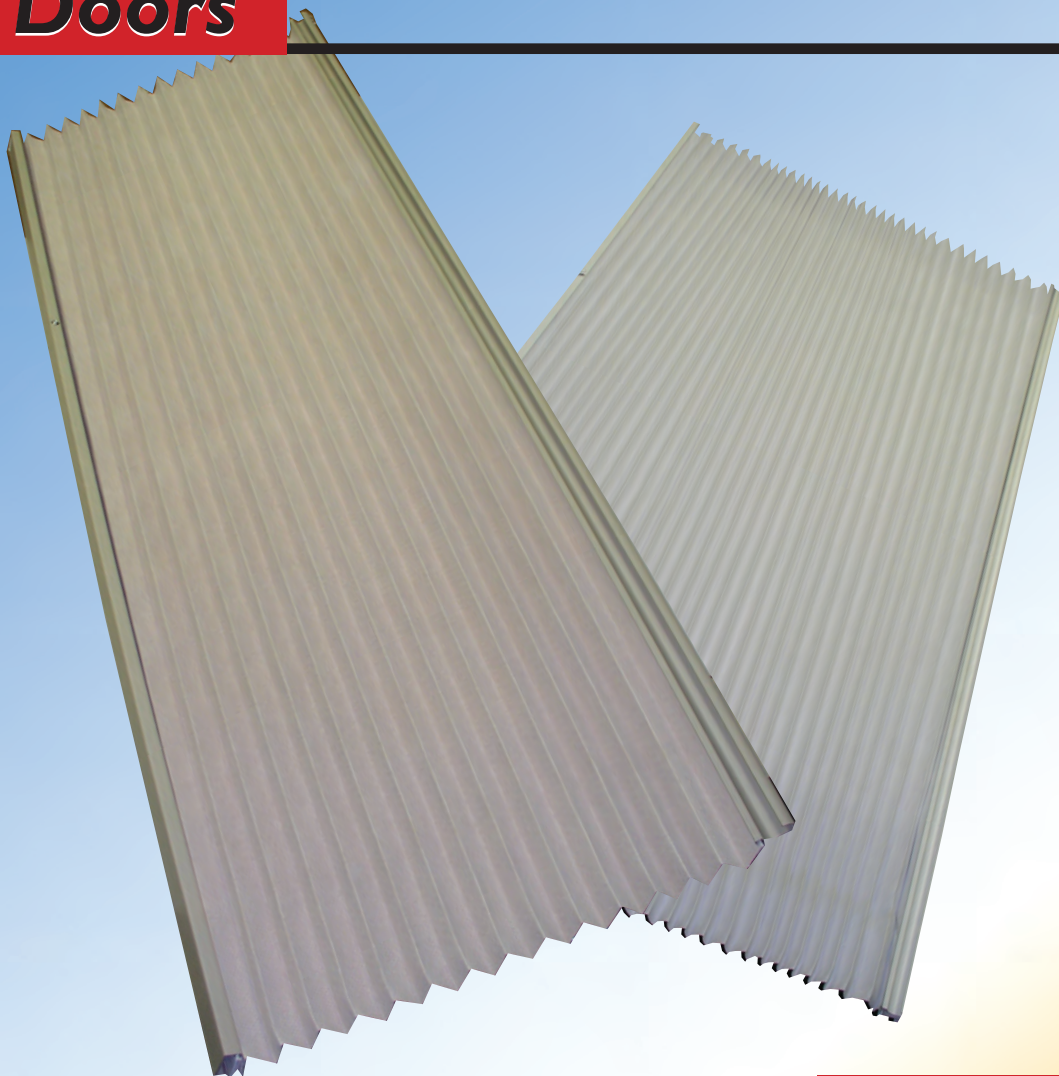

- 12" x 8"
- 4 hooks

Laundry Bag

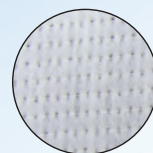

Large Luggage Net

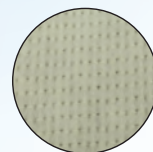

- 81" x 74"
- 6 to 8 hooks or D-rings
- 6" squares
- Top buckle

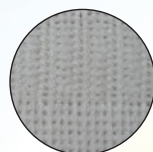

CUSTOM *Accordion Doors*

Drapery Systems

Accordian privacy doors and shower doors for the recreational vehicle industry

Folding accordian doors provide a functional way to easily divide a space. A folding door is economical, easy to install, and most importantly provides the fastest way to reconfigure a space without permanent dividers.

- Durable woven polyester
- Strong color-matched extruded vinyl hardware
- Single piece double handle bar eliminates handles
- Available in White, Ivory, Light Grey, Coffee and custom colors

Custom formed full-length double sided handle

■ Privacy Door Track

Used to mount privacy curtain on ceilings.

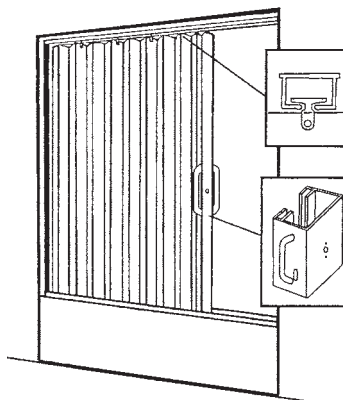

■ **Door Track**
SMD1650 Series

Door Glides

A practical product for showers

- Space saving design
- One piece extruded vinyl sheet (height up to 60") eliminates laminated sheeting
- Easy to install
- Features wide pull handles
- Available in White, Polar White and custom colors

A handle is attached to both sides of the shower door for ease of use

Drapery Systems

Curtain Tape with Glides Drapery System

The “newest generation” in curtain evolution. It is easy to sew, easy to install.

Simply sew the tape with the glides already installed to your fabric. Choose a track to meet your installation requirements. Install the track, slide glides on the track, add the end caps and you are done!

It's all smooth gliding from here on out.

Mud Flaps

Mud Flaps

Motor Home Rock Guards

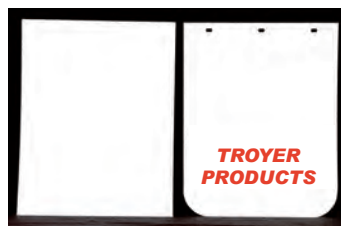

Flooring and Specialty Applications

Mud Flaps

Our standard mud flaps are available in a variety of shapes, custom made to your specifications.

Options include:

- Dimensions
- Finish
- Shape
- Durometer
- Mounting Holes

Graphics available

Stock Sizes Include:

- 20 x 23 Dual Wheel
- 19 x 24 Dual Wheel
- 12 x 18 Single Wheel
- 10 x 15 Utility Trailer

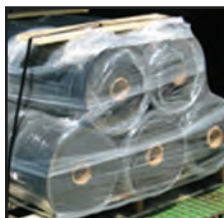

Motor Home Rock Guards

Laser cut from high grade stainless steel, these mud flaps protect tow vehicles while adding distinctive flair to motor homes and racing carriers.

Value priced reflective flaps offer greater design options with high 24 hour on-the-road visibility.

Flooring

Originally designed to stand up to heavy livestock traffic in dairy barns, our flooring performs well in toy haulers, horse trailers, cargo trailers and a variety of other applications.

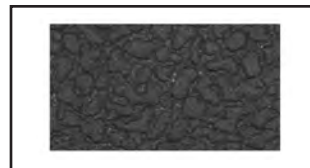

Available Finishes for All Products

• Matte

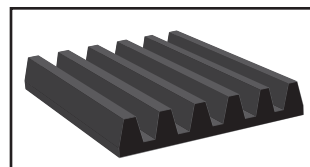

• Rough

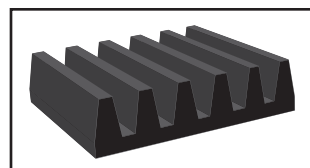

• Grained

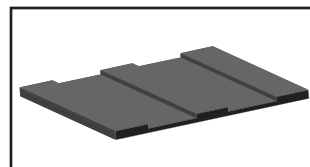

• Shallow V-Groove

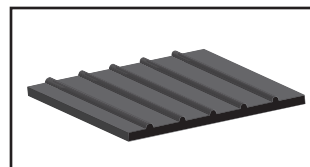

• Deep V-Groove

• Flat Ribbed

• Raised Ribbed

Also available with pressure sensitive adhesive.
